

Suggested **Pay-As-You-Go** Monthly Schedule

The chart below is a schedule to help guide your through the process of paying for your component(s).

- Start at the first column. Choose the number of components you wish to complete
- Then, move over to the color-coded column until you find the month that you wish to start making payments
- Make this amount of payment each month
- Remember, all components that you wish you to complete have to be paid for by February 28

Number of Components you wish to complete in one year	June-February	July-February	August-February	September-February	October-February	November-February	December-February	January-February	February
