

National Board Certification Component 1 Roadmap

2

RECOGNIZE

Your assessment will be over the FULL age range of your certificate area.

[Certificate Areas](#)

1

40%

Component 1 is 40% of your total score. You can and should study for this exam.

[Component 1 Instructions](#)

3

SELECTED RESPONSE

A test schematic is provided for the Selected Response questions. Not all standards are assessed. Check your certificate's schematic for content and identified standards.

4

CONSTRUCTED RESPONSE

Topics, practice questions, and rubrics for all 3 constructed response questions are provided. You may bullet your response. Practice the provided questions untimed with all available resources and then timed without any resources on a computer. Integrate standards when possible.

6

REQUEST

If you need testing accommodations, you must request them early. See the [Component 1: Content Knowledge Assessment Center Policy and Guidelines](#) document for details.

5

PRACTICE

An [online assessment center tutorial](#) is made available for you to familiarize yourself with the testing software you will use at the testing center.

7

REGISTER

You will receive an [Authorization to Test](#) in an email sent in the spring. Follow the instructions and register. Testing locations and dates are first come, first served.
